

ODCS 2012 PLANT ORDER – FOR NON-MEMBERS

The Old Dominion Chrysanthemum Society

(Membership representation from Alexandria, Annandale, Arlington, Burke, Chantilly, Clifton, Fairfax, Fairfax Station, Falls Church, Gainesville, Herndon, McLean, Manassas, New Market, Springfield, Vienna, Washington D.C., and Maryland)

At one of The Old Dominion Chrysanthemum Society's (ODCS) recent shows and/or plant sales, you requested information and a plant order list for the upcoming season. Attached you will find the **2012** order form with the price list for **new varieties of mums** being introduced this year, as well as many of the **past favorites**. Please share this list with your fellow gardeners who may wish to order a variety of mums not available at local nurseries. If you have trouble downloading the order list, printed copies are available upon request (703-560-8776).

Please fill in the form with your requested cultivars and send your list with a check for the correct amount to: Margaret Pfeifle at the address on the plant order form **NO LATER THAN FEBRUARY 18, 2012**.

Your order will be ready for **pickup on Saturday, May 12th from 10 a.m. until 1 p.m.** at the home of: Tim Moore, 9338 Athens Road, Fairfax, VA 22032 (from 236/Little River Turnpike turn onto Olley Lane, drive ¾ mile on Olley Lane, turn right onto Athens Rd, 3rd house on right).

We would also like to inform you that you can save money on your plant order by becoming a member of ODCS. We offer discounts to our members for the plants that they purchase from this yearly plant order list. In addition, **new members receive 5 free plants and growing tips** when they join, as well as a subscription to the National Chrysanthemum Society's quarterly magazine, *The Chrysanthemum*. Members also receive ODCS' monthly newsletter containing notices pertaining to our monthly general meetings, which have presentations on a variety of horticultural subjects as well as discussions regarding the best ways to enhance your chrysanthemum growing and other gardening tips. We also hold a yearly picnic and an annual brunch in the fall.

Please call Margaret Pfeifle at 703-281-7520 or e-mail at rbmellor@aol.com if you are interested in joining us. Membership applications are available on-line through our website – www.odcsmums.org. Annual dues are only \$30 for individuals and \$35 for garden clubs.

ODCS 2012 PLANT ORDER – FOR NON-MEMBERS

ORDERS MUST BE RECEIVED BY

FEBRUARY 18, 2012

SEND ORDERS ALONG WITH CHECK PAYABLE TO ODCS TO:

**MARGARET PFEIFLE
108 KINGSLEY RD, SW
VIENNA, VA 22180**

PLEASE ADD YOUR TELEPHONE NUMBER AND/OR E-MAIL ADDRESS TO YOUR ORDER FORM

Note: ODCS must have orders for at least 5 units of each garden cultivar (#1 – 25) and pot/cut mums (#100 – 110) to meet the supplier order requirements. If we do not receive enough orders for a particular cultivar there will be a substitution. Please check the **No Substitution** block on the order form if you do not wish to have us substitute. Occasionally the supplier will substitute; in those cases you will receive the substituted cultivar unless the **no substitution** block is marked.

In addition, not all of the cultivars on the order form will be available at our public plant sale in May. So, if there is one that you want, buy it NOW!

PLANT PICK-UP: Plant orders will be available for pick-up on **Saturday, May 12, between 10:00 a.m. and 1:00 p.m.** at the home of: Tim Moore, 9338 Athens Road, Fairfax, VA, 22032 (from 236/Little River Turnpike, turn onto Olley Lane, drive ¾ mile on Olley Lane, turn right onto Athens Rd, 3rd house on right).

REMEMBER: If you would like to join ODCS, please send your dues to Margaret Pfeifle Membership Chair, 108 Kingsley Rd, Vienna, VA, 22182.

DO NOT SEND DUES ON THE SAME CHECK AS YOUR PLANT ORDER.

212	Quan Yon Hung		Beautiful incurving bloom. Pink with purple on the inside of each floret. Short grower suitable for pot. Crown or terminal.	A	10
213	River City		Light champagne bloom borne on medium height plants.	A	10+
214	Whiteout		A large paper white blossom with loosely incurving petals.	A	10
215	Woolman's Century		One of the best of the unusual green mums. Blooms incurve and interlaced. Supported on the strongest stems. An easy grower. Shade from first show of color to protect from fading. Medium height. Flower on 1st crown bud.	AA	10
			CLASS 2 - REFLEX		
216	Allyson Peace		Large bright yellow. A certain blue ribbon winner. Best as a disbud. Medium height.	A	10
217	Apricot Courtier		Deep rich apricot color. Good strong erect stems make a desirable growth habit. Best as disbud. Medium height.	B	10+
218	Bill Holden		Large pink blossoms with great form	A	10
219	Doreen Statham		Glistening very dark crimson, florets folding back to stem, medium ht. Crown bud.	B	11
220	Joyce Fountain		Bright red flowers. Beautiful green leaves and strong stems for cutting or show. Medium height.	A	10
221	Paint Box		Brilliant orange, deeply reflexed, a favorite.	B	9+
222	Pretty Polly		Early purple with pink reverse. Mid-size. Flower to spray or disbud.	B	10
223	White City		Blooms to the purest white. Medium height. Crown bud.	A	10
			CLASS 3 - REGULAR INCURVE		
224	Derek Bircumshaw		A beautiful bright golden bloom, perfect form.	B	9

225	George Couchman		Bronze blooms with hard round finish and exceptional lasting quality. Med Height. Flower to crown bud.	A	11
226	Gillette		Early creamy white, outstanding form. Medium height, disbud to 2nd crown	B	9
228	Heather James		Compact blooms with a reverse of bronze & red.	B	10
229	Le Mans		Large orchid and pink incurve of perfect form, produced on a short stem. Excellent potted plant. Needs no growth retardant. Strong and reliable. A French import. Short. Disbud to crown or terminal bud. Plant Patent.	A	10+
230	Moira		Mauve, lavender reverse, perfect balls, great poise, strong stems, medium height, disbud to crown bud.	A	11
			CLASS 4 - DECORATIVE		
231	Fireflash		The most popular red/bronze decorative for many years. Needs protection against freezing in winter. Medium height. Disbud to crown or terminal bud.	B	10+
232	Honeyglow		Full, rich orange amber blooms, strong stems, compact plant	B	9
233	Indian Summer		Favorite Harvest Giant with large bronze blooms.	B	9
234	Jackstraw		Brilliant yellow blooms with quill upright florets, feathered at the ends. Medium height, flower to sprays.	B	11
235	Killeen		Lime green decorative with quilled florets. Best grown for sprays. Medium height. Could also be grown for pots. Plant patent.	C	9+
236	Lexy		A golden bronze, small decorative with a dark eye. Excellent cut flower. Medium. Flower to sprays. Plant patent.	C	10+
237	Resomee		Large spreading blooms. Dark lavender. Short upright stems medium height. Flower to crown or terminal bud.	A	10
238	Resomee Purple		A sport of the popular Resomee. Large deep rich purple blooms produced on very strong upright stems. Best as disbud. Flower on crown or terminal bud. Medium height.	A	10
239	Seaton's J'dore		Large decorative bloom with soft pink color. Crown or terminal.	A	10
			CLASS 5 - INTERMEDIATE INCURVE		
240	Alexis		Very large perfectly formed pink incurve. Medium height.	A	10
241	Apricot Alexis		Blooms of this size in light apricot bronze are rare. All the excellent incurving form of the parent "Alexis." Disbud to crown bud.	A	10
242	Candid		Deep burgundy red incurving blooms of solid substance.	B	10
243	Gertrude		Fuzzy pink because of tiny hair-like pubescence covering the petals. Pastel pink incurving bloom. Short growth habit. Disbud.	B	10
244	Lynn Johnson		Early blooming. Very good, long lasting substance. Disbud	A	9
245	Norton Vic		A compact purple intermediate incurve bloom, interesting bloom.	B	10
246	Pearl Edward Shaw		Large pink blush bloom borne on a medium height plant.	A	11
247	Rebecca Walker		Very beautiful golden yellow blooms.	B	9
248	Rose Dew		Early blooming. A rosy pink intermediate incurve, that blooms with a durable hard finish, produces good exhibition or garden flowers. A fairly low grower that looks good in containers. Flower on 2nd crown bud. Medium short.	A	10
249	Royal Silver		Orchid pink and silver semi-incurving. One of the earliest large flowered types. Disbud for show work or grown to sprays for an abundance of beautiful bouquets. Disbud to 2nd grown or terminal buds. Medium height.	B	9
250	St Tropez		Deep crimson w/bronze reverse. Bred for use as a pot plant with strong stem & foliage. Short. Best flowered as disbud.	B	11
251	Suzanne Etheridge		Golden yellow bloom of perfect form.	A	10
252	Yukon		An ideal large flowered white pot mum with a short growth habit. Incurving blooms with good lasting qualities. Short. Flower as disbud. Plant Patent.	A	10

CLASS 6 - POMPOM					
253	Kelvin Mandarin		Deep orange, medium height, good terminal spray form	B	11
254	Kelvin Tattoo		Small ball shaped rich gold color. Long lasting cut flowers. Medium height spray.	C	11
255	Kermit		A sea green pompon producing excellent sprays with long laterals and long lasting blooms. Petals have a tinge of white whereas Yoko Ono has a tinge of yellow. Flower to sprays. Medium height.	C	11
256	Lavender Pixie		Lavender pink, medium height, excellent terminal spray form	C	10
257	Moonbeam		Solid white pom, perfect form, vigorous easy grower, tall, disbud, or sprays.	A	10+
258	Statesman		Fine formal golden yellow button pom. Easy growth habit with stems producing long lasting terminal sprays. Medium height. Flower to sprays.	C	10+
259	Yoko Ono		Truly vibrant green pompom which produces an abundance of attractive sprays with very long bloom life. Smaller than Kermit, but producing good NCS-type sprays. Medium height. Plant Patent.	C	11
CLASS 7 - SINGLE AND SEMI-DOUBLE					
260	Artist Pink		Unusual style pink blossoms with reddish purple pin striping. Attention getter. Mid-high sprays.	C	10+
261	Artist Yellow		A stunning sport of Artist Pink. Golden yellow single sporting irregular red pin stripes. Most unusual. Tall. Flower to sprays. Plant Patent.	C	10+
262	Domingo		A large crimson red single or reflexing form.	A	10+
263	Fire Island		Large blooms of bright red with stripes of gold radiating from the yellow center. A sturdy grower of easy culture. Medium height. Grow to a spray.	B	10
264	Icy Isle		Large pristine white daisy. Florets spread flat from a yellow center. Best as disbud. Tall.	A	10
265	Peggy Stevens		Beautiful large yellow well-formed bloom of good substance.	A	11
266	Yodogimi		Unique semi-double dark red with each floret tipped in gold. Great for arrangements. Spray.	B	10
CLASS 8 - ANEMONE					
267	Baldwin		A very unusual lavender anemone. Excellent for pots or cut flowers. Vigorous grower. Medium. Flower to sprays. Plant Patent 17413*	C	9+
268	Cloverlea Sunshine		A large marigold yellow anemone with an almost orange disk. An early bloomer. Grow as disbud or spray. Medium height.	A	10
269	Daybreak		Apricot orange florets with large orange center, disbud.	A	11
270	Mancetta Sunset		Anemone bloom with bronze ray florets and yellow disc florets.	B	10
271	Prom King		Apricot bronze anemone bloom.	B	9
272	Prom Queen		Clear pink anemone bloom.	B	9
273	Purple Light		Outstanding purple anemone blooms.	B	10
274	Seaton's Ruby		A large bloom with red petals and elevated disc.	A	10
275	Vesuvio White		White with a fascinating single row of outside tubular florets, a novel cut flower with fine stem and growth habit, medium height. Sprays.	C	10
276	Vesuvio Yellow		Yellow with a fascinating single row of outside tubular florets, a novel cut flower with fine stem and growth habit, medium height. Sprays.	C	10
CLASS 9 - SPOONS					
277	Fantasy		Purple spoon tips with cream tubes, grown in sprays. Medium height.	C	10
278	Kimie		Charming yellow spoon, a joy to grow.	A	10
279	Radiant Time		Stunning bi-colored spoon of orange and yellow. Medium height. Cut flower or sprays.	C	10
280	Redwing		A beautiful red spoon form bloom.	B	10+
281	Whirlaway		Very attractive with pink tubes and darker pink spoons. A spot of purple appears to be tucked inside the spoon. Tall strong stems make it a good cut flower. Long lasting blooms.	C	10+

CLASS 10 - QUILL					
282	Judith Baker		Lovely deep bronze quill hybridized by Irv Baker in California. Flower to crown bud or terminal bud.	A	9+
283	King's Delight		Vibrant, truly pink, finely quilled, very long life. Blooms upright medium height. Flower to terminal bud or spray.	B	10+
284	Lola		Very large lavender pink. Huge spreading flower of medium size florets. Vigorous, easy to grow. Will support many large blooms. Excellent stem and foliage. Flower to crown or terminal bud.	A	10
285	Seatons Ashleigh		Fine purple. Long lasting and weather resistant. Medium height. Flower to crown or terminal bud.	A	11
286	Seatons Toffee		Deep bronze large blooms. Good strong stems that holds blooms perfectly erect. Long lasting. Medium height. Flower to crown or terminal bud.	A	11
287	Shamrock		A chartreuse quill whose color is like the safety vests worn by highway workers. Long florets radiating from a green center and each tipped with green. Disbud to 2nd crown or terminal bud. Medium height.	A	10
CLASS 11 - SPIDER					
288	Chesapeake		Outstanding, very full white spider, long lasting, crown or terminal bud.	A	10
289	Descanso		Bronze blooms. Medium height, flower to crown bud.	A	10+
290	Equinox		A perfectly formed yellow spider bloom.	B	10
291	Evan's Dream		Large light pink attractive spider bloom.	A	10
292	Evening Glow		Large spreading spider. Light salmon rose shading to bronze. Florets of good substance. Mid-height. Disbud to 2nd crown	A	10
293	Flair		An easy to grow lavender spider mum.	A	11
294	Fleur de Lis		Exquisite purple spider mum. Among the finest large spiders. Hundreds of fine lacy florets spill in a graceful arch from very full centers. Short. Disbud to crown or terminal bud.	A	10
295	Golden Rain		Very cascading long golden florets curl and interlace. Florets would extend to 15 inches if held out. Med. height. Disbud to crown or terminal bud.	A	11
296	Golden Splendor		A very large pure golden spider bloom.	A	11
297	Goldilocks		Rich golden yellow spider. Strong stems hold blooms erect. Disbud to crown for earliest blooms.	A	10
298	Icicles		Pure white florets with notched tips, good stems, terminal bud.	A	10+
299	Lava		A most unusual color, a combination of yellow and bronze florets.	A	10+
300	Mocha		Chocolate colored. Large petals. Medium height. Flower on crown or terminal bud.	A	10+
301	Natalini		Pink spider with long fine petals. Great as a disbud. If not disbudded there are numerous long laterals producing fine cut flowers. Disbud or sprays. Tall.	A	10
302	Nightingale		Original green or chartreuse colored spider. Keep shaded to protect color during bloom period. Medium height. Flower to terminal bud.	A	11
303	Oregon City		One of King's earliest blooming spiders. Similar to Golden Splendor (yellow) in form, but blooming two weeks earlier. Best as disbud but could be grown for cut flowers. Tall.	A	9+
304	Pink Splendor		Gigantic full blooms. One of the largest. Medium height. Disbud to crown or terminal bud.	A	10+
305	Seaton's Galaxy		A deep purple well formed spider bloom.	A	10
306	Senkyo Kenshin		Large dark bronze tubular florets stand out stiffly from full centers. Exceptional long life, med height, disbud.	A	11
307	Symphony		A well formed large bronze spider bloom.	A	10
308	Vienna Waltz		Stunning lavender pink spider. Long tubular florets flow from full centered blooms of large size and long lasting substance. Disbud. Medium height. Flower to 2nd crown or terminal bud.	A	10
309	Wind Dancer		A fantastic deep golden brown spider mum laced with hundreds of fine florets arranged in perfect symmetry. Very full with a long bloom period. Medium height. Flower to crown or terminal bud.	A	10

310	Zaryah		A well formed bronzy-orange spider borne on medium plants.	A	10
			CLASS 12 - BRUSH AND THISTLE		
311	Aoi		A purple thistle type. Blooms are produced in profusion. Unusual airy look. Great for arrangements. Med. height. Flower to sprays.	C	10
312	Cisco		Intense bright yellow. Durable blooms on strong stems. Tall.	C	10
313	Saga Nishiki		Bronze petals on a brush type bloom.	C	10
314	Saga No Izami		Bright golden yellow brush style blooms of long lasting quality. Medium height.	C	10
315	Saga No Yuki		Beautiful white brush style blooms mix well with other flower types. Flower to sprays. Medium to tall.	C	10
316	Wisp of Pink		Pink thistle florets, arrangers' delight.	C	10
			CLASS 13 - EXOTIC		
317	Chrysanthemum Pacificum		A hardy chrysanthemum with handsome silver-edged dark green leaves and small golden bud-like flowers formed in large clusters. Easily propagated and pest resistant. Short. Flower to sprays or good in pot.	C	11
318	Diana Stokes		Deepest maroon tips with silver ray florets. Medium height. Flower to crown or terminal bud.	A	11
319	Lili Gallon		Deep purple curling florets with silver reverse, 1st or 2nd crown bud.	A	10
320	Lone Star		A real beauty. Lower florets radiate out in quilled tubular form while the center florets are incurving forming a half sphere.	A	10
			CASCADES/TREES/GNOMES		
			PRICE PER PLANT - \$4.75		
			Cascade		
			These small flowered types are best adapted to cascade use, but can be used in many other ways such as tree form, or allowed to grow naturally in pots producing a mass of bloom, with little care. These are vigorous and easy-to-grow cultivars.		
400	Kurume		A deep red sport from Himegokoromo, with ray and center florets of the same color. A fine grower producing an abundance of blooms on limber stems, easily trained. Tall. Sprays or cascade.	C	10
401	Megumi		Splendid golden yellow anemone is one of the best for extra large cascades. Blooms are long lasting. Blooms early enough for most shows. Tall. Flower to sprays	C	10
402	Pink Fleece		Cascading variety with small anemone blooms. Tall. Flower to sprays.	C	10
			Trees or Pots		
403	Anthem		Very dwarf bright yellow semi-double. Excellent for its prolific bloom habit and compact growth. Blooms densely cover the plant to form a solid blanket of vivid yellow color. Fine for borders, bedding, or containers. Short. Flower to sprays. Wonderful for pot.	C	11
404	Gumdrop		High yellow disk and short white ray florets. Looks almost like a miniature powder puff. Produces good terminal sprays. Good as a small trained specimen. Grow to sprays. Medium height.	C	10
405	Pumpkin		This small orange anemone will produce a brilliant mound of color or can be easily trained to tree style. Short.	C	9+

		Gnomes or Bonsai		
			Low growing, mounding types with small leaves & blooms of anemone and daisy styles. Bushy, free branching strong stems. Height from 8 to 15 inches, naturally short. Most bred for training to bonsai style and pots.	
406	Chidori		Very small white flower with yellow center. Great bonsai.	C 10
407	Hatsune		Solid yellow anemone. Bonsai or pot.	C 10+
408	Kotoi No Kaori		Golden bronze anemone with red ray florets, free flowering.	C 11
